

## SACRED BUFO ALVARIUS MEDICINE & HEALING CEREMONY WITH SHAMAN : + \$200 USD (optional add on treatment)

---

The ancient mesoamerican & indigenous people's of Mexico have been using this healing ceremony for thousands of years to facilitate inner healing, soul evolving, as well as to break free from disease, and traumas.

Join our team for a truly transformational experience that will psychedelically take you to higher stages of consciousness, emotionally and physically renewing and cleansing you.

The basic Benefits of the Bufo Toad medicine include: liberation of years of accumulated stress; dissolution of unconscious cellular memory that can provoke addictions compulsions psychosomatic diseases and suffering; dissolution of the ego; relief of pain; sense of general well being and the reconnection to the universal collective consciousness where you realize that everything is interconnected through love and unity.

Bufo Alvarius is the scientific name of a toad which finds his residence in the beautiful deserts of Mexico.

The toad supplies a certain form of sweat that contains a percentage of 5meoDMT. A substance known as the God or Spirit molecule that our body naturally secretes out of the pineal gland or spiritual third eye during the birth and death transition. At the embryonic

stage of 10-12 weeks when the soul enters and when the soul leaves the physical body.

For this reason 5meoDMT activates a process of rebirth, in which the soul reconnects and where body, mind and spirit receive a reset.

### What is the ceremony like?

It is common to experience a process of rebirth, oneness with the universe, ecstasy, illumination, and serenity. With an incredible efficiency it liberates and resolves blockages, suppressed anger and sadness.

In this life-changing experience the shaman will administer the non-addictive, 100% natural, Bufo alvarius extracted medicine to each participant in our group, uniquely and individually, one at a time.

Every ceremony is different. Depending on the state of consciousness or accumulated intoxication, a participant can experience some of the following sensations during the ritual climax:

- Massive liberation of accumulated stress
- Connection with Consciousness
- Experience of non-duality
- Sensation of oneness with all that is
- Dissolution of unconscious or repressed cellular memories which may create addictions, compulsions, psychosomatic illnesses , mania's and suffering
- Sensation of the body exploding in millions of particles
- Partial or total disconnection of physical or visual reality
- Fusion with Presence, to be completely in the Now
- Sensation of being launched into the void at high velocity
- The reconstruction of synaptic networks in your brain
- Liberation of emotions and feelings
- Disconnection of the ego as principal player and lack of egoic control

This healing ceremony takes place on the beach facing the water. The shaman and practitioner of the sacred medicine will chant and guide you through your journey. This usually takes 20-30 minutes per personal session.

*Please note this is not for people who have taken anti depression medication in the past 3 months. This is an intense ritual that can and should only be done by an experienced practitioner or shaman trained in this field.*

Join us for this once in a lifetime experience of healing in the ancient culture of our mesoamerican brother and sisters during your complete renewal this year in Quintana Roo, Mexico.
